

Euro Scooter

The Euro Scooter Vs. The Zappy Scooter

	The Euro Scooter	The Zappy Scooter
Speed	✓ Up to 22 MPH	Up to 10 MPH
Miles Per Charge	✓ Up to 36 miles per charge	Up to 12 miles per charge
Battery	✓ 20 Amps of Power	12 Amps
Motor	✓ 500 Watt Motor	350 watt Motor

The difference is **SIMPLE!**

The New Euro Scooter is fast, fun, friendly and now it folds. The sturdy seat is removable too. Stand up or sit down riding makes it great for recreation. Even sitting down you can have fun getting there. With speeds up to 22 MPH, the Euro Scooter is the ultimate in a comfortable, stand up or sit down Electric Scooter. The new collapsible handlebar makes it a cinch to store or transport. Just drop the handlebars and toss it in the back of the RV, van or trunk. The all-new design increases ease of operation by locating the controls and battery feedback on the handlebar along with the keyed ignition. The headlight incorporates a powerful, new 7 LED design. Now you can see be seen. The front brake lever is on the handlebar. The New Euro Scooter is truly a product for young and old. Everyone is happy riding a Euro Scooter!
